FARABEE'S JEEP RENTALS & TOURS – Website info.

"There is no better way to experience the beauty of Death Valley and Panamint Valley than with a Farabee Jeep. Drive one of their top-of-line, off-road-ready Jeep Wranglers through spectacular canyons, from Ubehebe Crater to the Racetrack, past historical mines, and through Badwater. Most trails in the area are moderate for easy navigation and driving, but offer unparalleled scenic views and adventure when you leave the paved highways behind."

Location: The Inn at Furnace Creek/The Ranch

To make your adventure fun and easy, Farabee's Jeep Rentals provides:

Free planning for your sightseeing tours, Free maps and ice chests with ice
Driving tips & operating instructions

Contact Farabee's Jeep Rentals at (877) 970-5337 or (760) 786-9872 or see their website.

No previous off-road driving experience is required, just a little bit of common sense and a thirst to explore! Proceed at your own pace, go where you want to go, and let the road unfold before you. See the website for more information.

LHPC Notes = important to read.

1st Note: Prior LHPC experience:
Policy: Faraday's policy statement on the web states if you only rent for 1 day, you check it out in the morning and need to bring it back by 5 pm the same day!
Reality is: talk to them as you are going to the Racetrack and can't get back by 5 pm. They should let you pick the jeep up in the morning, fill it up with gas that night and leave the jeep anytime before 7am the next morning with a key drop safety box at their office.

2nd Note: The **four door Jeep can hold up to 4 people** of normal size.

The **two door jeep can only hold up to 2 or 3 people**, the back seat is very narrow, little leg room and little space in the back for camera equipment. It's tighter than the cheapest airplane seat. The noise you hear when you're driving is all the groaning and plotting to get you when the passengers in the back seat finally get out of this torture set up.
We recommend you rent the four door model if there are more than 2 of you going and you can spit the cost.

3rd Note: These Jeeps can rent out quickly. **Call and make your reservation as soon as possible.** You're already spending a ton of $ for this great adventure, spend a little more of your kids inheritance!
